BOREO®

A durable helmet for all of your adventures! BOREO is great for climbing, via ferrata, canyoning, and caving. The thick shell provides optimal resistance against impacts and scuffs. The design provides greater coverage for enhanced head protection, and is compact and ventilated for maximum comfort.

Design provides greater coverage and is lower in the back for enhanced protection against lateral, frontal, and rear impact (Petzl's TOP AND SIDE PROTECTION product label).

Optimized durability due to hybrid construction with thick ABS shell, EPP foam liner, and EPS foam liner.

Easy to adjust the fit with lateral webbing and a fully adjustable chinstrap.

Two clips in front and a rear elastic band for securing a headlamp to the helmet.

Short Description Durable and versatile helmet with enhanced protection for climbing and mountaineering

Selling Points

- Enhanced protection and comfort:
 - Design provides greater coverage and is lower in the back for enhanced protection against rock fall, as well as lateral, frontal, and rear impact (Petzl's TOP AND SIDE PROTECTION product label)
 - Stable and comfortable to wear, with interior foam and a flexible headband that conforms to the shape of the head
 - Hybrid construction with thick ABS shell, EPP foam liner, and EPS foam liner, making the helmet durable
 - Ventilation holes increase air circulation and optimize comfort
 - Easy to adjust the fit with lateral webbing and fully adjustable chinstrap
 - Lightweight: 330 g in size M/L
- Durable:
 - Hard outer shell is impact- and scratch-resistant for optimal durability
 - Headband folds into the shell for easy storage and transport
- Versatile, for a variety of activities:
 - Suitable for climbing, mountaineering, caving, via ferrata, and canyoning
 - Two clips in front and a rear elastic band for securing a headlamp to the helmet

Specification

- Material(s): ABS shell, expanded polypropylene (EPP) liner, expanded polystyrene (EPS) liner, polyester webbing
 - Certification(s): CE EN 12492, UKCA, UIAA
